1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with the provisions of 24 CFR 578.7.

The CoC planning grant will assist both the CoC's Executive Committee and the Community Action Partnership of Oregon, lead agency and Collaborative Applicant to BOS CoC, in supporting the BOS CoC Coordinator/Consultant's role in continuing to facilitate the HEARTH Act implementation work on behalf of Oregon's 28-county rural geography. The work currently in progress includes CoC coordination (governance, strategic plan development, Board management, meeting facilitation and documentation, member communication and guidelines); building with the ESG lead agency a collaborative projects monitoring and evaluations plan (performance targets, consumer engagement, APR reviews, project outcome assessments), participation in Consolidated Plan update opportunities within BOS CoC's broad service area; establishment of funding priorities; completion of the CoC Application; PITC process planning, implementation, coordination and reporting; HMIS management (including data analysis) and continued development and maintenance of CoC systems to ensure compliance with HUD guidelines.

The BOS CoC Coordinator/Consultant continues to be partially funded through an indefinite 1% fee (voted into BOS CoC By-Laws), unanimously approved by all grantees in demonstration of their commitment to maintaining and building capacity within the CoC governance structure. Additionally, the CoC recently received funds through the State of Oregon to assist with the ESG-CoC monitoring and also to assist with design and initial implementation of a regional/internal HMIS TA program.

This planning grant will also assist the CoC Coordinator in facilitating community engagement opportunities in each of BOS CoC's seven regions to solicit active participation in not only regular CoC meetings but also in designing a comprehensive coordinated entry (CE) system and needs analyses plans to enhance BOS CoC's ability to establish funding priorities to best meet the housing and services needs in its many diverse communities. By partnering with the regional/internal HMIS TA program and grantee- and external providers, BOS CoC will be able to build a toolbox of trainings and trainers geared to best support not only the BOS CoC grantees but also community partners and other CE providers. Identified trainings to date include CoC 101, Housing/Health Navigators, HMIS generally and specifics; Housing First, accessing mainstream benefits.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

Immediate:

On-going refining of strategic planning road map, refining goals of community engagement needs, participation 'must haves'

Monthly (on-going):

BOS CoC meetings and committees

Building training opportunity into agenda – responsive to eSNAPS and SP deficiencies

Collaborative conversations with ESG lead/sub-recipients

Developing monitoring/evaluation protocols and shared performance measures and will include training CoC and ESG grantees how to use data reports to assess program performance

Quarterly:

Review of ESG and CoC projects' progress toward performance objectives and community impact

HMIS data review and analysis: AHAR, PITC, HIC

Management Plan and Accountability:

BOS CoC's progress toward meeting and exceeding anticipated goals will be best addressed by its Coordinator continuing to provide updates during regular monthly grantee and Collaborative Applicant meetings, informational updates via Collaborative Applicant's monthly newsletter and BOS CoC's email list, and increased visibility and update via community and CoC-wide partnership meeting opportunities.

3. How will the requested funds improve the CoC's ability to evaluate the outcome of CoC and ESG projects?

BOS CoC's ability to evaluate progress of both ESG and CoC projects will be improved by setting regularly scheduled collaborative conversations with the ESG lead and sub-recipients, which also operate CoC-funded projects, to set an agenda to co-produce projects monitoring and evaluations plan(performance targets and projections, consumer engagement, data reviews, and Con Plan participation).

As ESG recipients are also the community action agency operators of BOS CoC projects, a full continuum of services opportunity is available in most of its 28-county geographic area: emergency shelter, homeless prevention, rapid rehousing, and street outreach to individuals and families; both ESG and CoC funds support data collection and will continue supporting the definition of up-to-date demographics and outcomes. Evaluative efforts will work toward ensuring that homeless households move from the streets or emergency shelter to the appropriate housing component that encourages eventual and sustainable self-sufficiency in permanent housing within the communities. Consequently, enhanced and new standards will continue to improve CoC-wide service delivery mechanisms and responsiveness to the needs of the communities.

HMIS will be used to evaluate outcomes system wide from both ESG and CoC providers. The goal is that the programs funded effectively meet the housing and service needs of the homeless individuals and families being served. Evaluative efforts will work toward ensuring that homeless households move from the streets or emergency shelter to the appropriate housing component that encourages their eventual self-sufficiency in permanent housing in the community. As a result of evaluative efforts, new standards will be developed for serving people who are homeless.

4. How will the planning activities continue beyond the expiration of HUD financial assistance?

While HUD financial assistance is critical to supporting development and implementation of an enhanced BOS CoC system and HEARTH Act requirements, planning activities will sustain beyond expiration of HUD financial assistance through active fund development. One anticipated outcome of future community engagement opportunities is securing local and cross-jurisdictional funding commitment to support CoC-ESG activities within the 28-county geography. The value and effectiveness of service delivery and long-term program capacity will be increased by the development of sustainable skills, shared vision, and tools to enhance grantee and BOS CoC performance.

When its former Collaborative Applicant pulled its sponsorship and staff support from BOS CoC effective June 30, 2013, BOS CoC grantees voted unanimously to support the hire of a part-time coordinator via assessment of a 1% project fee. At its annual in-person meeting, BOS CoC voted unanimously to continue the 1% project fee indefinitely and requested insert and update of BOS CoC's By-Laws document.

BOS CoC Coordinator is active on many committees, training opportunities, and Boards and continues evaluating additional funding opportunities that encourage the scope of multi-jurisdictional conversations BOS CoC offers. Since BOS CoC 'struck out' on its own in 2013, the CoC Coordinator/Consultant continues to write applicable funding applications to not only further the work of the 28-county CoC but also to assist local communities in better serving its most vulnerable citizens wherever possible.

Does the CoC include membership of a homeless or formerly homeless person? This is a required field. Select "Yes" or "No" to indicate whether or not the CoC membership includes at least one homeless or formerly homeless individual.

For members who are homeless or formerly homeless, what role do they play in the CoC membership? (Select all that apply): Select an option from the dropdown menu to indicate the roles that homeless or formerly homeless members play in the CoC.

Does the CoC's governance charter incorporate written policies and procedures for each of the following: Select "Yes" for each of the following if it is included in the CoC's governance charter. Select "No" for each of the following if is NOT included in the CoC's governance charter.

- a. Written agendas of CoC meetings?
- b. Coordinated Entry? (Also known as centralized or coordinated assessment)
*Please explain why written policies and procedures for Coordinated Entry have not been incorporated into the CoC's governance charter? This question will appear if no is selected for question "b" above.

Building a coordinated entry system/process adequately and appropriately reflective of the full 28-county balance-of-state geography continues to be a challenging task, though on-going CoC-wide conversations are fruitful and constructive. To date the CoC has developed basic shared standards to which work will adhere in the next year as local refinements are drafted (or new plans created) with input of respective communities.

BOS CoC was able to create a new SSO for Coordinated Entry and as soon as local CE plans are developed and vetted through community systems, not only will the BOS CoC CE system be added into the CoC's By-Laws/Governance Charter but also the local CE system models will be included.

- c. Process for monitoring outcomes of ESG recipients?** No
- d. CoC policies and procedures?** Yes
- e. Written process for board selection?** Yes

4A. Sources of Match/Leverage

Instructions:

Match and Leverage are two distinct categories of funds from other sources that will be used in conjunction with this project, if awarded. Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Leverage funds can be used for any program related costs and there is no minimum requirement. Please review 24 CFR Part 578, the FY 2015 Funding Notice, and the FY 2015 CoC Program NOFA for more detailed information concerning Match and Leverage.

Will this commitment be used towards Match or Leverage? Select Match or Leverage to categorize each commitment being entered.

Type of Commitment: Select Cash (\$) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: (Be as specific as possible and include the office or grant program as applicable) Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/Leverage screen will populate the Screen "3B. Funding Request." The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Additional Resources can be found at the HUD Exchange:

4B. Funding Request

Instructions:

Is it feasible for the project to be under grant agreement by September 30, 2016: Select "Yes" or "No" to indicate whether the grant agreement will be executed and the project will begin operating by September 30, 2016. The FY 2015 HUD Appropriations Act requires HUD to obligate FY 2015 CoC Program funds by this date. A selection of "No" may result in the rejection of a project application during the HUD assessment. Further, if a CoC Planning award is not obligated with the grant execution by September 30, 2016, the conditional award will be terminated and the funds recaptured.

Select a grant term: This field is populated with the value "1 Year" and cannot be edited.

Eligible Costs: For items 1 through 8, enter a "Quantity AND Description" and amount of assistance for each activity for which funds are being requested. "Quantity AND Description" details should be thorough, and failure to enter adequate "Quantity AND Detail" may result in conditions being placed on an award and a delay of grant funding. Once a "Quantity AND Detail" and an amount have been entered into one or more of the items, click "Save" and e-snaps will total the assistance requested and determine the total Match amount required.

Total Costs Requested: This field is automatically calculated based total amount requested for each eligible cost.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "4A. Sources of Match/Leverage" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "4A. Sources of Match/Leverage" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "4A. Sources of Match/Leverage" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

RE: 2015 CoC OR-505 BOS CoC/Rural Oregon Continuum of Care (ROCC) Planning Grant Application

The OR-505 BOS CoC/ROCC Executive Committee and Board Membership supports the 2015 planning project that will provide oversight, guidance for growth, and support to the Oregon Balance-of-State Continuum of Care projects.

During the next year, the OR-505 BOS CoC/ROCC as an organization will provide in-kind match support to this planning project in the amount of \$23,440 via the grantee-paid annual supportive fee (paid from other-than federal funds). This match will provide opportunity and direct support to grantees and community members in all 28 counties to travel and attend no fewer than three in-person planning conversations to discuss progress with CS system design, regional HMIS TA provision, development of regional 'local' dashboards, and CoC-wide data/HMIS analyses.

The OR-505 BOS CoC/ROCC Executive Committee and Board Membership are extremely excited about the potentials of this expanded project, and we look forward to the continued success of the Rural Oregon Continuum of Care.

Best Regards,

Kelly Wessels
